Design your dream home with the help of T2 Construction

From blueprints to budgets, T2 Construction will work with you one-on-one to design the custom home of your dreams. It goes without saying that building a home from the ground up is one of the largest single purchases and decisions you will make in your lifetime. While the thought of doing so can be quite exciting, the process can often times be very overwhelming and become quite stressful.

As part of this exclusive Denim and Diamonds prize package, T2 Construction is offering complete turn-key services as it pertains to the design of your dream home.

First, you will work with our professionals to create the perfect floor plan that meets your needs – functionally and financially.

Then, once your plan is designed we will work with you to select the proper finish out – interior and exterior. This includes everything from the type of roofing materials to paint colors and everything in between, i.e. flooring, drywall finish, plumbing finish, lighting fixtures, cabinets, counters, etc.

Finally, once everything has been specked we will prepare a custom budget for you showing you what it will cost to build.

Most builders require a contract or a large earnest money check before they will proceed with everything listed above. With this D&D item, the pros at T2 Construction look forward to helping you navigate this exciting process regardless of whether you have plans to build today, tomorrow or down the road. Regardless, the processes outlined above will have to take place and just think, when you are ready to proceed, you will be that much closer to breaking ground and have taken all of the guess work out of it.

Value \$7,000 to \$10,000

Cork Pull

9007. Cork Pull

Pull a Cork for a Chance to win a bottle of 1982 Latour, Pauillac wine!
100 points Robert Parker: "The 1982 continues to surge in quality, moving from strength to strength. If I were going to pull the cork for pure pleasure on any of the Big 8, it would be this wine. Still an infant in terms of development, the wine displays extraordinary richness, ripeness, and the beginning of that compelling Latour perfume of cassis, cedar, walnuts, and minerals. Extremely full-bodied, concentrated, and thick, this viscous, chewy, large-scaled wine is also amazingly soft. Huge levels of tannin are concealed behind the layers of fruit. More and more I am convinced that this is another unqualified legend of the vintage... This could be a 50-60 year wine . A tour de force!"
